PG360

PG & HOSTEL MANAGEMENT

PRODUCT OVERVIEW & ROADMAP

Run your PG like a *five-star* property.

One platform for properties, residents, rent, records and reports — built for India, with your data kept safely in India. Here's everything you get today, and what's coming next.

Prepared for our valued client
Web · Android · Windows

ADMIN PANEL · AVAILABLE TODAY

Everything you run your PG with

A complete daily operating system for PG & hostel owners — from the first room you set up to the monthly P&L. Every feature below is live.

Properties, Rooms & Beds

- **Multiple properties** with a one-tap property switcher
- Floors, rooms, bed-level allocation & live occupancy
- Room types & **flexible pricing** (rate cards)
- **WiFi master** — manage networks, assign to rooms

Tenants & Records

- Fast onboarding with **check-in photo** + ID capture
- Automatic **registration number** (e.g. GVR-0001)
- Full resident profile with stay timeline
- **Police-style printable record** for verification
- **Vacated Master** — searchable archive of past residents

Rent & Payments

- Record payments — **cash, UPI or bank**
- Your **UPI QR** & bank details on the bill
- Tenants submit payment proof; you **verify** it
- Pro-rata first month, joining fees, deposits
- **Checkout settlement** & HRA rent receipts

Rent Calendar & Reminders

- Per-tenant calendar — **days/months staying**
- Clear **due date** & next collection date
- Month-by-month **paid / overdue** view
- Whole-PG **collections calendar** + dashboard reminders

Money & Reports

- Expense tracking by category
- **Profit & Loss** and collection reports
- Occupancy & revenue at a glance

People & Services

- **Staff management**
- Complaints / maintenance tracking
- Food menu with opt-out handling
- Bookings & enquiries

ADMIN PANEL · ANYWHERE, SECURE

On every device, safe by design

One app, every screen

- **Web app** — nothing to install
- **Android app** (APK) for on-the-go management
- **Windows app** (EXE / MSI) for the front desk
- Same login, same data, instantly in sync
- Print / Save-as-PDF records on any device

Your data, protected

- **All data stored in India** (Mumbai region)
- Encrypted in transit & at rest
- Each property fully **isolated** (no cross-access)
- **Aadhaar / ID kept private** — not public links
- Role-based access & clear terms of use

Why owners choose PG360

- ✓ **Never miss rent** — due dates & reminders built in
- ✓ **Audit-ready records** for police & compliance
- ✓ **Multi-property** from a single login
- ✓ **Your branding** — a tailored edition per client
- ✓ **Clear P&L** — know your numbers monthly
- ✓ **India-first** — pricing, pro-rata, HRA receipts

Tailored for you. PG360 supports custom, branded editions on your own subdomain — your name, your menu, your workflow — without a separate app to maintain.

ADMIN PANEL · WHAT'S NEXT

The roadmap ahead

We're constantly adding value. These enhancements are planned for the admin panel — your platform keeps getting better at no extra effort.

- **Automated WhatsApp & SMS reminders** COMING SOON
  Rent-due nudges sent to residents automatically on their due date — fewer follow-ups for you.
- **Online "Pay Now" for residents** COMING SOON
  Tenants pay via UPI link / QR and payments reconcile automatically against their bill.
- **Recurring invoices & auto-receipts** PLANNED
  Set monthly/yearly billing once; receipts and reminders go out on schedule.
- **Advanced analytics & forecasting** PLANNED
  Occupancy trends, revenue forecasting and per-property comparison dashboards.
- **KYC document vault** PLANNED
  Multiple documents per resident with verification status — all stored privately in India.
- **Reviews, visitors & digital agreements** PLANNED
  Resident feedback, visitor register, and e-signed rental agreements.

ATTENDANCE PANEL · NEW MODULE · IN DEVELOPMENT

Attendance, presence & safety

A dedicated panel to track who's in and who's out — staff and residents — bringing daily presence, payroll inputs and safety logs into PG360.

Staff attendance

- **Check-in / check-out** via QR or selfie
- Shifts, late & absent tracking
- Leave requests & approvals
- **Payroll-ready** monthly summaries

Resident in/out logs

- Gate entry / exit register
- **Visitor log** with photo & time
- Night-stay / out-pass tracking
- Safety record for parents & police

Smart capture

- QR scan, selfie & optional **geo-tag**
- Biometric / device integration (phase 2)
- Works on the front-desk app & mobile

Reports & alerts

- Daily attendance dashboard
- Absentee & unusual-time alerts
- Exportable monthly reports
- Connects to existing staff & tenant records

Status: The Attendance Panel is a proposed module currently in design. Scope, capture method (QR / biometric) and rollout can be tailored to your property's needs.

Let's get your PG running on PG360.

Everything in the admin panel is ready today, with the attendance panel and more on the way. We'd love to set it up for your property and tailor it to how you work.
